## Simple Christmas Crafts for toddlers

### Nativity Scene

For the manger you will need:

Melted chocolate ■ All Bran cereal ■ Jelly babies  
■ Cake cases

Melt the chocolate in a bowl and stir in the cereal. Spoon the mixture into cake cases and add a jelly baby Jesus.

For the stable you will need:

Thin card (20cm wide x 10cm high) ■ Brown and yellow felt or card cut into manger and baby shapes ■ Yellow tissue paper or crepe paper or real straw cut into fine strips ■ Glue  
■ Glitter ■ Stars ■ Crayons

Fold the edges into the middle of the card so that they meet. Cut a roof shape from the edge to the centre top point. Add lines and detail to the stable door and roof using crayons. Stick a star on one of the roof tips. Open the doors and glue the manger and baby in the centre. Add yellow "straw" and decorate with glitter.

### Christmas Decorations

You will need:

Thin coloured card ■ Ribbon and a hole punch ■ Glue ■ Glitter ■ Stars ■ Crayons

Cut simple Christmas shapes from the coloured card e.g. stars, bells and baubles. Allow the children to decorate them with as much 'sparkle' as they want and attach a ribbon for hanging.
