

Simple Easter crafts for toddlers

Bunny basket

You will need:

Thin coloured card, tissue paper, cotton wool, stapler

Print out or copy the templates onto coloured card and cut out as shown.

Fold tab 'A' in half.

Fold in the two 'B' tabs and staple to 'A'.

Repeat at the other end with tabs marked 'C'.

Cut out handle and write on your name.

Staple handle to either end.

Add whiskers and a cotton wool tail.

Put a little crumpled tissue paper in the bottom and you are ready to collect eggs.

Easter nests

You will need:

Cereal (cornflakes or similar)

Cooking chocolate

Mini eggs

Combine cornflakes (or crushed shredded wheat) with melted chocolate and shape into nest shapes in bun cases. Before the chocolate has set, place 2-3 mini eggs into your chocolate nests.

For a simpler alternative, cover Rich Tea biscuits with icing (mix icing sugar with a little water and colouring if desired). The children can then decorate them with a variety of small sweets and sprinkles.

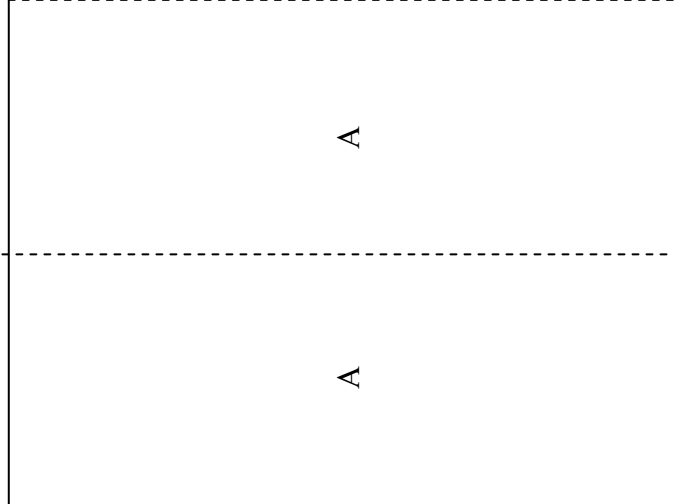

Easter card

Print out page 11 of the Easter event PDF (colour-in version) and photocopy onto card. Fold in half, but cut around the bit of the heart where it overlaps the fold first.

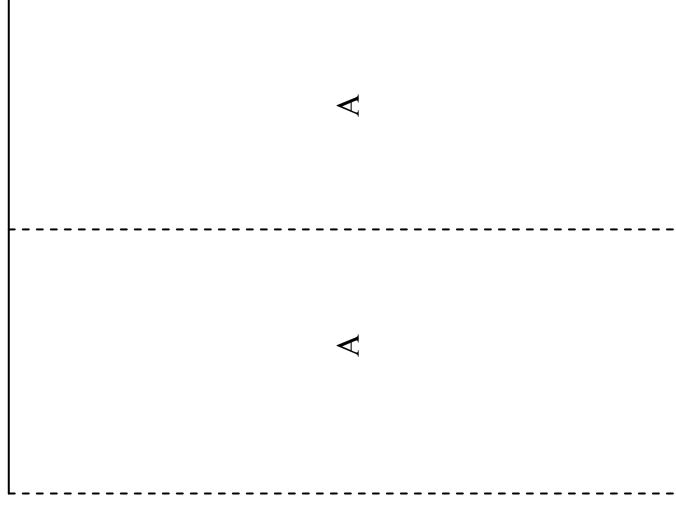

Decorate as you wish; we used soft felt for the teddy's hands and feet, and scrunched up tissue paper for the heart.
